

Join and enjoy NMC-2023, 11-12 April, Utrecht !

Dear Young Mathematicians,

April 11-12, the annual Netherlands Mathematical Congress ([NMC](#)) will be organized, in the middle of the country, the city of Utrecht.

NMC is **the** congress for all mathematicians active in The Netherlands, from pure to applied, from junior to senior.

NMC has a long tradition, yet it is modern, as is the Royal Dutch Mathematical Society (Koninklijk Wiskundig Genootschap, [KWG](#)), the oldest math society in the world and main organizer of NMC.

This year's NMC program includes many activities especially for you:

- **Three workshops organized by the Dutch Research Council NWO**, about:
 - starting and continuing your scientific career after your PhD graduation,
 - acquiring a personal research grant (Rubicon, Veni, ...),
 - starting your own company.Click [here](#) for more information.
- The **KWG poster-prize competition** with besides the poster presentations: plenary one-minute poster-pitch presentations and cash prizes for the three best posters, besides the prestige. See also [here](#).
- The **KWG PhD Prize competition**, with for the winner: 1000 €, the traditional swap [trophy](#) and the honor of course.
- **Speed Dating**, in cooperation with [Math4NL](#), the new organization bridging mathematics and society, with as participating companies and organizations: ABN-AMRO, Amsterdam Data Collective, ASML, CBS, eScience Center, NWO, Probability BV, Rabobank, Vortech.
See [here](#) for more information and registration. Be on time; full is full!

NMC-2023 offers much more, see [here](#) the entire program.

[Join](#) NMC-2023 and enjoy the ample opportunities for talking and working with colleagues and friends, and for enjoying good drinks, good food and more!

Hope to see you at 11 and/or 12 April 2023!

Marieke Kranenburg (chair Organizing Committee NMC-2023)

Maria Vlasiou (chair Scientific Committee NMC-2023)

Barry Koren (KWG)

Olivia Muthsam (NWO)

Wil Schilders (PWN)
