FROM UNIVERSITY TO PRACTICE: MATHEMATICIANS MAKING IMPACT

MATH4NL COMMUNITY EVENT 2025

Keynote speaker: Jan Leuridan - Independent Investor and Advisor,
ex-CEO Siemens Industry Software NV, ex-SVP Siemens Simcenter

**Special talk by NWO Applied and Engineering Sciences
about the many opportunities for funding**

Morning session (10.00-12.30)

A unique opportunity for young researchers to learn how to build professional connections and strengthen their careers — an inspiring and practical introduction to the art of networking.

Talks by former PhD students:

Dennis Roubos - Chief Technology Officer at Simbox

Ineke Meuffels - Head of Product Development at Rhythm

Diederik Fokkema - ADC Dat & AI Consultancy

Melania Calinescu - CEO | Founder AI4ALL Solutions

Sing Cheung - Senior Compliance Officer, Algo Advisory, Optiver

IDEAL OPPORTUNITY FOR NETWORKING!
